RESEARCH STRUCTURE

1.Full name:

Class:

1.Title of the Research:

2.Aims for the research:

3.Methods of doing the research:

3.1.Number of target people, places involved in the research

3.2.Techniques to do the research

4.Background Knowledge (from the textbooks):

5.Findings and Discussions:

6.Conclusion:

7.References (Books, Articles, Websites):

(Notice: The research should be written in at least 500 words and not more than 1000 words in English or 2000 words in Vietnamese)
